With the help of HyperMotion Technology, new camera angles, ball physics and gameplay settings have all been optimised, moving FIFA into a new generation. Players no longer have to stand still and then calculate their own trajectories in a pass. Instead, their movement will influence the ball in complex ways. FIFA Ultimate Team fans will enjoy new ways to build a team. New players have been added to squad selections and fully customisable players - such as FA Cup winning heroes - are available to purchase with FIFA Ultimate Team Points. New items have also been added to the game, including the new £10 Passport, which unlocks rare or unique players. The performance of the game will also be improved as the graphics now use new features such as reflections, shadows and lighting effects. Additional details on the gameplay features of Fifa 22 Serial Key will be shared at a later date. ### **Fifa 22 Features Key:**

- The massive celebration at the heart of your matches.
- Completely upgraded Frostbite engine and refined, faster gameplay.
- New Unique Player Creator features and alternate body types.

FIFA 22 introduces "HyperMotion Technology," which uses motion capture data collected from 22 real-life players playing a complete, high-intensity football match in motion capture suits. The data collected from player movements, tackles, aerial duels and on-ball actions is used to power FIFA 22 gameplay. GAME MODES Career Mode - Live out your dreams as both a manager and a player in FIFA 22. Create the newest club in FIFA, design your kits, style your stadium, and choose whether to compete with the elite or rise up from the lower divisions as you manage your club to glory. Or test your skills as a player, with a more immersive Player Career mode that gives you more ways to progress, achieve, and immerse yourself in your Pro's journey through the game.
